RE: Curling Club Relaunch Toolkit

Good afternoon Club Managers and Presidents,

Curling Alberta is excited to share the Curling Club Relaunch Toolkit with you. The attached toolkit has a number of great resources for you and your club to use while working towards reopening. I have also attached Curling Alberta's Return to Play Guidelines to refer to it while reviewing the Toolkit.

We are working on a number of other resources, including a Media Toolkit which will support clubs in promoting both their clubs and the return to curling. These resources will be shared as soon as possible.

Please note that clubs are starting to upload their club specific return to play guidance in the [Club Repository](#). I encourage you to review each other's guidance and to share your own once it is completed.

If you have any questions or concerns about reopening, please contact any of the Curling Alberta staff.

Kind regards,
Britney Andersen
Competitions Coordinator, South
