RE: Updated SPAR Guidance, FAQs and Upcoming Webinar

Dear Club Managers & Presidents:

The purpose of this email is twofold. The first part is to notify you that the Alberta Guidance for sport, Physical Activity and Recreation was updated at the end of August. Curling Alberta has since updated their Return to Play FAQ's document which provides further clarification on the guidance. Please find these [FAQ's](#) attached.

The second part of this email is your invitation to join us for a webinar to discuss and ask questions on the current Alberta Health guidance. In this webinar, we will:

- Discuss the changes to the updated [Guidance for Sport, Physical Activity and Recreation – Stage 2](#) document.
- The Leduc Curling Club will discuss what best practice they have taken from the [Return to Play Guidelines](#) and how they have implemented them into their operations.
- Review Curling Alberta's COVID-19 tool kit (this will be sent out prior to the webinar)

To prepare yourself for this webinar, we encourage you to watch Curling Alberta's Return to Play Webinar if you have not yet viewed it. This webinar was held on August 14th. The recording can be viewed under the [Resources, COVID-19 tab on Curling Alberta's web page](#).

EVENT INFORMATION

Date: Wednesday, September 9th

Time: 12:00 pm

Duration: One and half hours

Presenters & Special Guests:
