## A. ARCTIC WINTER GAMES QUALIFIER:

1. Each Participating Unit may enter a team comprised of a maximum of four (4) players and one (1) coach per team. Players must be born on or after January 1, 2004.
2. Athletes must meet the eligibility requirement of the Arctic Winter Games. Competitors must meet the following eligibility guidelines to participate in the Arctic Winter Games:
  1. Be a "Developing Athlete"
    - A Developing Athlete is one who has not represented one's nation in international competition (outside of an Arctic Winter Games) in the sport they are competing in.
    - An athlete who has competed for one's club in international competition (not representing one's nation) is considered a developing athlete;
    - An athlete who is a member of one's national team, but has not represented one's nation in international competition is considered a developing athlete.
3. Teams must have a coach. Coaches at this competition are considered a team member and must abide by all relevant policies and team expectations (see the Competitors' Guide for details).

4. The format for the Arctic Winter Games Qualifier will consist of a best of three playoff between the two registered teams. The first team to win two games will qualify for the Arctic Winter Games.
5. Pre-game Practice: Each team will be allowed 10 minutes practice prior to each game. Teams will flip a coin, the winner choosing between stone colour or practice order. The first practice shall be from 20 to 30 minutes prior to game time and will throw clockwise rotation for their Last Stone Draw. The second practice shall start at the conclusion of the first practice team's Last Stone Draw, and will throw counter-clockwise rotation for their Last Stone Draw.
6. Last Stone Draw: The Last Stone Draw will match what is required at the 2023 Arctic Winter Games. At the conclusion of each team's pre-game practice, two stones will be delivered to the tee at the home end, by different players – both clockwise rotation for the first practice and both counter-clockwise for the second practice. Sweeping is allowed. The distance between the stone and tee, if it finishes in the house, will be measured in centimeters. A stone not finishing in the house will be recorded as 185.4 cm. Stones that finish so close to the tee that they cannot be measured are recorded as 0.0 cm. The first stone will be measured and removed from play before the second stone is delivered. The distances recorded for each stone will be added together to give the team its LSD total for that game. The team with the lesser LSD total will have the choice of delivering the first or second stone in the first end of that game. If the LSD totals for both teams are the same then a coin toss will decide which team has the choice of delivering first or second stone in the first end.
7. All games are eight (8) ends. A mandatory break of five (5) minutes shall take place at the conclusion of the fourth end.
8. Coaches will not utilize Curling Alberta's Enhanced Coaching Involvement Program. Coaches will be given two (2) 90-second timeouts during each game, and one (1) 90-second timeout in the extra end. Timeouts cannot be carried over into extra ends.
9. Game timing will not occur. However, teams are expected to maintain a reasonable pace of play as managed by the Chief Umpire (no minimum # of ends).
