FOR IMMEDIATE RELEASE

Re: Curling Alberta to Follow Suit on World Curling Federation Joint Statement with Goldline Curling, on Suspension of Pursuer Foam effective March 1st, 2025, 00:00 (UTC.)

Statement:

Curling Alberta is aware of the recent announcement of World Curling Federation (WCF) and Goldline Curling to mutually suspend the use of Pursuer Foam, produced by Goldline Curling, effective March 1st, 2025, 00:00 (UTC.) for competitive events yet to start after this set effective date.

Curling Alberta will be following suit with this direction from WCF and will suspend Pursuer Foam, manufactured by Goldline, effective March 1st, 2025, 00:00 (UTC.) for competitive events yet to start after this set effective date.

This means that **the current 2025 Curling Alberta Senior Provincial Championships will NOT be affected** by this due to the event starting on February 26th, 2025.

However, any future provincial championships that start after this effective date above, will be subject to the new guidelines outlined and set by WCF today on Pursuer Foam by Goldline Curling.

All questions regarding the matter can be sent to Jill Groves, Executive Director of Curling Alberta.
